

Gynecologic Cancer Support Group

THE TEAM APPROACH TO GYNECOLOGIC CANCER

The group is open to patients, family members and caregivers. It is designed to act as a forum for those affected by ovarian, endometrial, cervical, fallopian tube, or peritoneal cancer to share experiences and information and to provide each other with support.

The support group is being held in collaboration with the National Ovarian Cancer Coalition, a nationally recognized organization whose mission is to increase public awareness of gynecological cancers; to advance gynecological cancers research; and to provide educational and support services for the gynecological cancer community.

Participants will be able to learn:

- How others faced their disease and made adjustments to their lives
- What to expect from different treatments
- How to manage post treatment issues that arise

DATE: THURSDAY, APRIL 26
TIME: 5 TO 6 P.M.
LOCATION: ONYIUKE DINING ROOM

For further information about the group, please contact Pamela Nixon, Patient Navigator, at 860-679-7820 or psnixon@uchc.edu.
