Free Drive-Thru Medication Disposal Program

Saturday, September 29, 2012
10 a.m. to 2 p.m.
Medical Arts and Research Building

Do you have expired or no longer needed medications? Drop them off at our free drive-thru medication disposal program and ensure that these medications don't end up in the water supply or in the hands of anyone other than their intended user.

The program will accept expired or no longer needed prescription and over-the-counter drugs; including ointments, inhalers, vitamins, and veterinary medications.

- All medications should be in their original bottle, packaging, or container.
- Personal information should be crossed out with a permanent marker.
- Unknown tablets or capsules will be accepted.
- Needles, medical waste or thermometers will not be accepted.

For further information, call 860-679-7627.
